

The Platte Canyon School District has served preschool age children for 24 years. Deer Creek Preschool provides each student a safe, individualized, age appropriate, and fun preschool experience. The half day program serves children with special education needs, children who qualify for Colorado Preschool Program funding, and children whose parents pay tuition. Beginning in August, 2014 a full day program option will be given to families at Deer Creek Preschool.

Deer Creek Preschool is licensed by the State of Colorado. The program is evaluated by Qualistar and the school participates in the State of Colorado's "Results Matter" initiative. A program called "The Creative Curriculum" is implemented.

Deer Creek Preschool will continue to follow the Platte Canyon School District calendar and the school start and end times of Deer Creek Elementary school.

For more information, please contact the Platte Canyon School District Early Childhood Coordinator, Marilyn Sturek at 303-679-7594.
